User picture for access verification

The screenshot shows a desktop interface for a security system. At the top, there are navigation tabs: Activity, Arm/Disarm, Zones & Sensors, Doors & Outputs, Cameras, HVAC, Lights, and Tasks. A central notification area displays 'Access Granted' in green text, with details: 'Door: 1 Front Door by Code: 1 DAN SIMON', 'Oct 22, 2013 11:14:19 am CDT', and 'Site / Area: HQ / Main Office'. To the left of this notification is a user profile picture and the name 'Admin'. To the right is a live camera feed window titled 'HQ / Main Office: Front Door - 11:17:56 AM' showing an interior view of a door area. Below the notification is a 'Recent Activity - 50 Events from the Last 10 Days' section, listing events with timestamps and icons (O, U, B, A) for Locked Door, Access Granted, Unlocked Door, Unbypass, Zone Command, Bypass, and Alarm.

Full Version

The screenshot shows a mobile interface for the same security system. It features a 'Menu' on the left with icons for Activity, Arm/Disarm, Zones & Sensors, Doors & Outputs, Cameras, HVAC, Lights, and Tasks. The main area displays a list of events with large colored icons (A, M, D, A, T, G, A, D) and text details. The events include: Alarm (Contact Sensor/Freezer Door Open), Maintenance (Filter Changed), Area Disarmed (Area1 Office by Code:202 Remote User), Arm Command (Download Disarm Area Command for Office [ELK M1-1 @ HQ]), Task Status (Activated Task1 Arm Home), General (Automatic Closing), Area Armed (Area1 Office by Code:203 No Code Required), and Area Disarmed (Area1 Office by Code:203 No Code Required). At the bottom, there are 'Logout', 'Full Site', and 'Close' buttons.

Point & Click to arm or disarm areas

Quickly arm or disarm multiple sites at the same time

The screenshot shows a web-based monitoring interface with a top navigation bar containing tabs for Monitor, Reporting, Users, Profiles, Schedules, Interaction, and Utilities. Below this is a secondary navigation bar with icons for Activity, Arm/Disarm, Zones & Sensors, Doors & Outputs, Cameras, HVAC, Lights, and Tasks. The main content area displays a list of sites and areas, each with a status indicator (Disarmed or Armed) and control buttons for Disarm and Arm. A 'Filter Results >>' link is visible in the top right.
